home page: <http://www.aczoom.com/tools/cdinsert/>

Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.
4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title "tab", on the tray insert, is for CD case with a transparent tray. Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree angle, away from the main tray cover portion. If the right-most "tab" is retained for a transparent tray, fold that "tab" 90 degrees again, away from the title "tab" next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.
10. Please appropriately discard this portion and the scrap bits of paper.

The Life And Death Of King John William Shakespeare

The Life And Death Of King John

The Life and Death of King John, a history play by William Shakespeare, dramatises the reign of John, King of England (ruled 1199–1216), son of Henry II of England and Eleanor of Aquitaine and father of Henry III of England. It is believed to have been written in the mid-1590s but was not published until it appeared in the First Folio in 1623.

John (24 December 1166 – 19 October 1216), also known as John Lackland or Softsword, was King of England from 6 April 1199 until his death. His reign saw the loss of the duchy of Normandy to the French king Philip II in 1204, resulting in the collapse of most of the Angevin Empire and the subsequent growth in the power of the Capetian dynasty over the rest of the 13th century. The baronial revolt at the end of John's reign saw the signing of the Magna Carta, a document often considered to be an early step in the evolution of the constitution of the United Kingdom.

Contemporary chroniclers were mostly critical of John's performance as king, and his reign has since been subject to significant debate and periodic revision by historians from the 16th century onwards. Historian Jim Bradbury has summarised the contemporary historical opinion of John's positive qualities, observing that John is today usually considered a "hard-working administrator, an able man, an able general". Nonetheless, modern historians agree that he also had many faults as king, including what historian Ralph Turner describes as "distasteful, even dangerous personality traits", such as pettiness, spitefulness and cruelty.

Popular representations of John first began to emerge during the Tudor period, mirroring the revisionist histories of the time. The anonymous play The Troublesome Reign of King John portrayed the king as a "proto-Protestant martyr", similar to that shown in John Bale's morality play Kynges Johan, in which John attempts to save England from the "evil agents of the Roman Church". By contrast, Shakespeare's play King John, whilst drawing on The Troublesome Reign for its source material and still relatively anti-Catholic, offers a more "balanced, dual view of a complex monarch as both a proto-Protestant victim of Rome's machinations and as a weak, selfishly motivated ruler."
